

Covid Catch Up 2020-2022

Intent: Young people across the country have experienced unprecedented disruption to their education as a result of Coronavirus. Therefore, it is vital that young people are given support to catch up on any lost time to secure their well-being and their academic progress. Furthermore, schools must prepare themselves for further disruption as we aim to live with this new normal and aim to support children inside and outside of the classroom. The government intend to offer funding for students from Year 1- 11 and school needs to think about the context of their school and students in order to maximise the funding.

Implementation: We have consulted our students and staff on how they would like us to spend the funding. This consultation has happened many times over the last 18 months as the needs of the students are constantly changing.

AUTUMN 2020

STAFF	AREA	DETAILS	COST	REASONS
	Teaching Staff	All staff have their own device to create resources for Firefly and move around the school with ease. They will be able to teach remotely and hold Parents' consultations remotely.	£14,983.65 A proportion towards 52 laptops	Teachers had to move round the school and needed their own devices in order to do this. During the second lockdown, teachers needed this in order to offer blended learning. IMPACT All teachers were able to teach the full curriculum from home and in different rooms
	Teaching Staff	CPD 'Walkthrus' for teachers to access remotely with resources for teaching and learning.	£600	All teachers had access to training despite not meeting as a staff during Autumn 2020. IMPACT Teaching and Learning group formed from the remote CPD.
	Whole school	Employment of a chaplain	£3150	Chaplain was employed to work with our families during Covid pandemic and offer support in the bubbles with charity support

				IMPACT During the second lockdown, support was given for a number of families who needed support. Chaplain was able to become permanent due to the impact she had. In process of Bereavement Training.
	Science Dep	RQT employed to video Science Practicals	£3750	Science Labs were used for different bubbles and the full curriculum. No practicals happened. Teacher recorded practicals to share with classes. IMPACT Access to all of Science Curriculum and creation of a revision tool
	Whole School	ELSA Training for members of Pastoral Staff.	£1200	Students access ELSA whilst in their bubbles. A number of our Primaries use it. IMPACT July 2021 47% of students working with Pastoral Staff. ELSA Training placed on hold during second lockdown
	Whole School	ELSA Training for members of Pastoral Staff.	£1200	Students access ELSA whilst in their bubbles. A number of our Primaries use it. IMPACT July 2021 47% of students working with Pastoral Staff. ELSA Training placed on hold during second lockdown
	Whole School	Firefly updated with Parent Portal	£800	Parents Evenings had to be remote and training for booking appointments began Autumn 2020. IMPACT More flexibility for parents and staff to meet during Covid restrictions.
	Year 11	Toast and Juice provided for all Year 11 students every break.	£500	No breakfast Club during 20-21 .Majority of older students not having breakfast. IMPACT Increase from our own students staying on in Sixth Form. Pastoral support offered.
CT	PE	PE Resource for Year 11 and Year 13 students	£750	This resource is used to support teachers with revision packages, especially with BTEC IMPACT Results in BTEC improved 2021from previous years and this will be built upon
	Whole school	Development of Eden Garden	(£8000) Bid £2000	A Space for students to be outside with one another and build relationships back. Space for new Year 7 who had not visited school in Covid time. IMPACT Used break and lunch for Year 7. An asset for the school and increase in numbers 2022
	Whole School	Employment of NQT	£3600	Trainee Teacher was given temporary contract to coach students on Mondays and deliver revision sessions. IMPACT Greater uptake, more for the younger boys, on activities after school.

STAFF	AREA	DETAILS	COST	REASONS
AA	Whole School	5 large TV displays around the school	£3000 Increased by £200	Screens could be used to display short bursts of revision materials / messages / wellness messages for all pupils. Keep all students updated with latest Covid rules and guidance.
AA JR to organise	Whole School	SUMO for Schools Trainer / Coach for full day in school with all year groups. Kevin Pace.	£1100 Other packs available	Talks will centre around well-being, building resilience and pupils' mental health. Talks can be tailored to age appropriate and content that school would find suitable for CHSC.
JW / AW	SEN / English	Barrington Stoke books for the library Secondary Starter Pack (12 titles) - Barrington Stoke	£130	These books are designed to be easier to read for students with lower reading ages and students with dyslexia and/or irlens, whilst looking and feeling like an age appropriate book. Hopefully these will encourage more students to read for pleasure.
JW	SEN	Maths Shed/Spelling Shed	£60	This will be used to support students in the Nurture group and other students below the expected level in Spelling and Maths. This cost will cover 36 students for one year.
AA	Maths	Sumdog	£1500 *cost increase of £500	Sumdog is a maths website, designed as a game. It is to re-enforce number bonds, times tables and numeracy, aimed at lower KS3 pupils.
DG	Yr 7	Conway Residential Annual team building and ethos residential. The total cost at the moment is approx. £190 per a student. To keep the cost below £200 per a head; last residential prior to the pandemic was below £200 (2019). Support is needed for the costs below. Keeping the cost down will increase the take-up of the experience a) Coaches to and from the venue b) Teaching Materials and other equipment to run the activities etc.	£2000 Modified bid	In previous academic years a number of students have remained in school. Ranged from 12-20 students. Reducing the costings of the trip will enable more students to access the residential and create a sense of belonging

		c) Pupil Premium students – 25 in total – Offer subsidised or free places?		
AMA	RE	For year 13 I would like to sign them up for A Level revision webinars they cost £15 per student and they get 5 x 90 minutes revision sessions. We have 9 students.	£135	Candle Conferences are excellent- this revision is focused on the more difficult aspects of the A level. This will reinforce/enhance work done in class and hopefully lead to better results.
LV	Year8	Year 8 trip	£2000	Team building trip as they missed Conway residential and have not had assemblies together
CT	PE	AQA examiners- Revision sessions.	£300	Sessions for our Yr 13/ Yr 11 theory classes. These sessions are run by external an ex- AQA examiner. This will provide students with catch on Yr 12/Yr 10 work and also prefect exam technique. Dates have already been booked with him for next year for both classes.
CT	PE	Trampolining classes	£300	Sessions are for A level and GCSE PE students who do not have access to a sport for their practical grade/ cannot afford to pay for trampolining club outside of school. This will include both girls and boys and ensure they secure a higher NEA grade to go towards their final grade.
DW	Geography	GCSE –. All GCSE students have opportunity to take part in online revision session. It has been run in the past	£140	Improve exam technique and skills knowledge of exam paper
DW	Geography	A – Level – attend Geographical Association event – Improving A Level performance	£80	Allow students to improve exam technique using from the guru of AQA A level Geography David Redfearn.
AW	English	Year 9 visit to the Storyhouse to watch Antigone with free workshop.	£1600	Introduce the students to Greek Tragedy which is studied later in the year.
AW	English	Fiction texts for the library with positive academic male role models	£30	To promote positive role models for our boys.

AW / GM	English / Art	Street Art workshop in the library.	Est £500	Students who have struggled to engage on their return or do not feel they are connected to the school could work with a street artist to create literary murals in the library garden area.
EW	Science	Online resources to support learning in lessons. Doddle for KS3 and KS4 Kerboodle for A level Sciences.	£2000	Opportunity for students to practise and apply their knowledge through the completion of online activities, animations, video and self-assessed quizzes. Allow students to identify areas they need to revisit or focus their revision on. Can also be used as home learning moving forward and to fill in gaps in knowledge.
JR	Careers	To increase our provision of level 6 trained careers support in school. Due to absence from school many of our vulnerable and lower achieving students have missed out on specific careers advice and guidance.	Remote days which are normally charged at £185.00 per day. Plus £30ph for the parents, open evenings etc. Approx £2000	The investment would allow careers advice and guidance to ensure that the students are fully informed, inspired and prepared for the world of work with clear goals as to how they can fulfil their potential. Having clear goals will allow the student to know what they need to achieve and how to do it. Having that additional time and support will give the student a greater feeling of worth and a belief to achieve know there is a goal to strive for, which is increasingly important in the present world we are living in as a result of the pandemic and the changing landscape of the workplace.

Projector	£369	Projector for Trinity will enable us to conduct group wellbeing sessions.
LEGO	£200	GS and ED are both Lego Therapy Practitioners. We need more blocks and also more sets to construct.
Drawing and Talking Membership	£90	GS is a D and T Practitioner. D and T is excellent for rapport building and allowing pupils to process trauma. The membership includes Coaching Calls and 1:1 supervision from the Therapists.
Happy Self Teen Journal	£20	Journalling is an excellent tool for emotional and physical wellbeing. Will provide support to a range of children. Will buy one then photocopy
Bereavement Counselling	£500	Chaplain fully trained in order to support students with trauma post Covid
Trauma Practice Training	£1500	AHT trained in Trauma Informed Practice for students still suffering effects of the lockdown

Extra Sessions	£3,200	Sessions after school, before school and lunchtime for students, especially in Year 11 and Year 13, to catch up with topics missed due to Covid. Most departments have contributed to this.
